Titles are listed under the following headings and subheadings: (1) general: administration, careers, international education, translation; (2) linguistics: general, applied linguistics, Black English, dialectology, grammar, phonology, sociolinguistics; (3) culture; (4) materials: general (including bibliographies), Chinese, French, German, Latin, Russian, uncommonly taught languages; (5) physiology and psychology of language learning: aptitude and attitude, communicative theory, first language acquisition, second language acquisition; (6) teacher education and certification; (7) methods: general, French, Spanish; (8) equipment; (9) testing; (10) bilingual/bicultural education: general, American Indian languages, bibliographies, materials, program descriptions, program evaluation, research and testing; (11) English as a second language: general, curriculum, methods, testing and evaluation; and (12) FLES. Each entry gives the author's name, title of the work, source, date (if available), length and ED number. The list is designed to be used in conjunction with RIE and an ERIC microfiche collection.
 (Author/RM)

Documents acquired by ERIC include many informal unpublished materials not available from other sources. ERIC makes every effort to obtain the best copy available. Nevertheless, items of marginal reproducibility are often encountered and this affects the quality of the microfiche and hardcopy reproductions ERIC makes available via the ERIC Document Reproduction Service (EDRS). EDRS is not responsible for the quality of the original document. Reproductions supplied by EDRS are the best that can be made from the original.

ERIC Documents on Foreign Language Teaching and Linguistics:

List Number 15

Compiled by PETER A. EDDY, KATHLEEN McLANE, AND CEIL KOVAC
Center for Applied Linguistics

THIS IS THE FIFTEENTH in a series of catalogues of documents of interest to teachers and researchers in foreign languages and linguistics that have been processed into the ERIC (Educational Resources Information Center) system. Lists Number 1 through 12 were published in *Foreign Language Annals*, starting with the December 1968 issue and ending in May 1974. Lists 13 and 14 appeared in the March and November 1975 issues of *The Modern Language Journal*. List 16 will appear in the November 1976 issue.

The documents cited in the present list appeared in the monthly ERIC abstract journal *Resources in Education (RIE)* from January through June 1975. The list is compiled from all of the *RIE* citations published during that period, not only those contributed by the Clearinghouse on Languages and Linguistics. Titles are organized by author's name under headings and subheadings derived from the *ACTFL Annual Bibliography*.

This list continues the entry format adopted in List 14: author's name, title of the work, source, date (if available), length, and ED number. Full résumés for each title may be located in *Resources in Education* by ED numbers, indicated on the spine of each issue. Several of the subheadings used in previous lists do not appear here for lack of suitable entries; several have been added. Category VI, Teacher Education and Certification, contains documents relating to English as a second language and bilingual/bicultural education. The list contains the following headings and subheadings.

How to use this Document List. In order to function as a useful research tool, this list must be used in conjunction with the abstract journal *Resources in Education (RIE)* and an ERIC microfiche collection. This

list aids the researcher by placing at his fingertips an index to virtually all ERIC documents from January through June 1975 that deal with research and teaching in languages and linguistics. *RIE* may be found in many college, university, and public libraries and in some school resource centers. It may also be ordered from the Superintendent of Documents, U.S. Government Printing Office, Washington, D.C. 20402 (subscription per year: domestic, \$42.70; foreign, \$53.40; single issues, \$3.60).

How to obtain ERIC Documents. Most of the documents in this list may be read on microfiche at one of almost 600 ERIC collections in the United States and abroad. These collections are located in school and university education libraries and at all ERIC Clearinghouses. For a listing of the microfiche collections nearest you, contact the Clearinghouse on Languages and Linguistics at the address below.

Either microfiche or hard copy reproductions of most documents listed in *RIE* may be obtained directly from the ERIC Document Reproduction Service (EDRS), Computer Microfilm International, Inc., P.O. Box 190, Arlington, VA 22210. For documents not available from EDRS, a mailing address and price are given in the résumé entry in *RIE*.

The ERIC Clearinghouse on Languages and Linguistics is interested in providing the best service possible to the professional community of language and linguistics teachers and researchers. Do not hesitate to send us questions or suggestions regarding this list or any other aspect of our operation.

CAL-ERIC/CLL SERIES ON LANGUAGES AND LINGUISTICS

ERIC (Educational Resources Information Center) is a nationwide network of information centers, each responsible for a given educational level or field of study. ERIC is supported by the National Institute of Education of the U.S. Department of Health, Education, and Welfare. The basic objective of ERIC is to make current developments in educational research, instruction, and personnel preparation more readily accessible to educators and members of related professions.

The ERIC Clearinghouse on Languages and Linguistics (ERIC/CLL), one of the specialized clearinghouses in the ERIC system, is operated by the Center for Applied Linguistics. ERIC/CLL is specifically responsible for the collection and dissemination of information in the general area of research and application in languages, linguistics, and language teaching and learning.

In addition to processing information, ERIC/CLL is also involved in information synthesis and analysis. The Clearinghouse commissions recognized authorities in languages and linguistics to write analyses of the current issues in their areas of specialty. The resultant documents, intended for use by educators and researchers, are published under the title CAL-ERIC/CLL Series on Languages and Linguistics. The series includes practical guides for classroom teachers, extensive state-of-the-art papers, and selected bibliographies.

The material in this publication was prepared pursuant to a contract with the National Institute of Education, U.S. Department of Health, Education, and Welfare. Contractors undertaking such projects under Government sponsorship are encouraged to express freely their judgment in professional and technical matters. Prior to publication, the manuscript was submitted to the American Council on the Teaching of Foreign Languages for critical review and determination of professional competence. This publication has met such standards. Points of view or opinions, however, do not necessarily represent the official view or opinions of either the American Council on the Teaching of Foreign Languages or the National Institute of Education.

This publication will be announced in the ERIC monthly abstract journal Resources in Education (RIE) and will be available from the ERIC Document Reproduction Service, Computer Microfilm International Corporation, P.O. Box 190, Arlington, Virginia 22210. See RIE for ordering information and ED number.

For further information on the ERIC system, ERIC/CLL, and the CAL-ERIC/CLL information series, write to ERIC Clearinghouse on Languages and Linguistics, Center for Applied Linguistics, 1611 North Kent Street, Arlington, Virginia 22209.
